When more applications to different study programmes are submitted, a **separate** fee of 500 CZK or 20 EUR must be paid for each application. It is not possible to use one single payment.

Any application for which the fee is not assigned to the correct payment data will be removed from the register. At any stage of the admission proceedings the fee is **not** refundable.

5) Preconditions for admission to study are a successfully passed entrance exam and a proper completion of the high school education. The entrance (admission) exam is carried out in the form of a personal interview. Applicants are evaluated by a point system. They must also submit their High School Leaving Certificate (maturitni vysvedceni) on the day of their registration (enrolment) for study. Examination results are published on the notice board of the faculty within two working days of the examination at the latest, and are available in the Internet application for the results of the admission proceedings.

7) The fee for study in the Business Administration Bachelor Study Programme is set at 32.000 CZK for each commenced academic year of study. Students who have not paid this fee will **not** be enrolled.

By paying the course fee the students confirm that they have properly acquainted themselves with all the conditions of the study in the Bachelor Study Programme Business Administration taught in English, and agree with them without any reservations. The course will open only if a sufficient number of participants enrolls.
